

## MAGNETIC STIRRER BFA1CP1 (BMGS-204)

# MAGNETIC STIRRER BFA1CP1

## ULTRA-THIN MAGNETIC STIRRER

Ultra-thin magnetic stirrers allow precise and stable stir of liquids over a wide range, especially for small volume samples, It is a necessary tool for petroleum, chemical industry, environmental protection, education and scientific research, etc.

Ultra-light and Ultra-thin, easy to store and save laboratory space.  
Advanced non-wearing magnetic coil technology, quieter and more stable operation, longer service life.  
Can use mobile power supply, convenient for outdoor use, not limited by experimental conditions.  
Counterclockwise and clockwise-counterclockwise stirring functions can be switched to make the stirring more uniform and meet a variety of experimental needs.  
The LCD screen displays the parameters in real time, the LED indicator shows the working status, and the instrument running status is more intuitive.  
Touch buttons and sliding touch adjustment, durable, novel and stylish.  
Dust and water proof, high protection level (IP65).

## SPECIFICATIONS

Model	BFA1CP1
Old Model	BMGS-204
Max. stirring amount (H2O)	1L
Motor output power	3W
Speed adjustable range	20 ~ 1500rpm
Clockwise/counterclockwise stirring	45s/5s
Intermittent time	except single direction stirring
Timing Range	0 ~ 9 hours (0 is forever)
Display method	LCD
Platform material	PVC
Platform Size	Φ110
Dimensions	W.110xD.180xH.14.5mm
Weight	0.18kgs
Voltage	DC 5V 2A
IP Rating	IP63
Alt Name	Ultra-thin magnetic stirrer

## FEATURES

Ultra-light and Ultra-thin, easy to store and save laboratory space.  
Advanced non-wearing magnetic coil technology, quieter and more stable operation, longer service life.  
Can use mobile power supply, convenient for outdoor use, not limited by experimental conditions.  
Counterclockwise and clockwise-counterclockwise stirring functions can be switched to make the stirring more uniform and meet a

variety of experimental needs.

The LCD screen displays the parameters in real time, the LED indicator shows the working status, and the instrument running status is more intuitive.

Touch buttons and sliding touch adjustment, durable, novel and stylish.

Dust and water proof, high protection level (IP65).
