

WHEELCHAIR BHBD-903

WHEELCHAIR BHBD-903

MANUAL WHEELCHAIR

Wheelchair is mainly used as a manually operated or power-driven device designed with double cross-shaped brackets, which enhance the safety of the structure. In the meantime, adjustable armrests, quick disassembly of footrest, positioning of Controller and other functions reflect the user-friendly design, and provide great convenience for the user.

It is a type of steady and simple Manual Wheelchair
